

Swim England Midlands Regions Online Team Manager Workshops

Swim England Midlands Regions will be running two online Team Manager Module 1 workshops

All workshops are **FREE OF CHARGE**

The Team Manager 1 Workshop is aimed at those who are starting out on their volunteering journey and focuses on single day competitions or camps where there is no overnight stay.

It covers all aquatic disciplines and will be delivered via a two and a half hour online workshop hosted on Zoom.

Participants will be guided through the course content, be able to ask questions and get involved with the group text discussions

The course covers:

- Essential elements of team management from pre to post event duties
- Relaying information in a concise manner and make quick decisions based upon the best interests of individuals and teams
- How Swim England's safeguarding policy and procedures work in a team management context
- Managing athletes during competitions including promoting positive behaviour at the venue
- How to support coaches, athletes and parents
- And how to identify hazards and risk factors that have the potential to cause harm to athletes – and the risk assessment requirements associated with the role.

To book a place on one of the online workshops below please click the link next to your chosen date and complete the online form.
